

TRADING RULES

1. INTRODUCTION

- 1.1. These rules are applicable only to those Clients trading in the Financial Instruments of CFDs with Dollars Markets Limited hereinafter referred to as "The Company"

2. TYPES OF CFD ORDERS

- 2.1. The following CFD Orders may be placed with the Company, depending on the types of Client Account the Client has:
 - 2.1.1. Buy
 - 2.1.2. Sell
 - 2.1.3. Sell Limit, Sell Stop
 - 2.1.4. Buy Limit, Buy Stop
 - 2.1.5. Take Profit, Stop Loss
 - 2.1.6. Any other Orders available on the Platform from time to time

3. PLACING, CANCELLING OR REMOVING ORDERS AND EXECUTION OF CLIENT ORDERS

- 3.1. orders can be placed, executed and (if allowed) changed or removed within the Trading Hours for each type of CFD appearing on the Company's Website and/or the Platform, as amended from the Company from time to time.
- 3.2. Pending Orders, not executed, shall remain effective through the next trading session (as applicable).
- 3.3. Market Orders not executed because there is not enough volume to fill them, will not remain effective and will be cancelled.
- 3.4. All open spot positions will be rolled over to the next business day at the close of business in the relevant Underlying Market.
- 3.5. Orders shall be valid in accordance with the type and time of the given Order, as specified by the Client. If the time of validity of the order is not specified, it shall be valid for an indefinite period. However, the Company may delete one or all pending orders if the Client Account Equity reaches zero.
- 3.6. Orders cannot be changed or removed after placed in the market. Stop Loss and Take Profit Orders may be changed even if the trade was placed in the market, so long as the newly modified price for the Stop Loss or Take Profit is higher in distance than the allowed level.
- 3.7. The Company shall receive and transmit for execution all Orders given by the Client strictly in accordance with their terms. The Company will have no responsibility for checking the accuracy of any Order.
- 3.8. CFD Orders are executed as market orders at the next available price, should the Clients requested price not be available. This could have positive or negative Slippage for the Client. Negative slippages may be disputed in the event of loss given the condition that there was a negative Slippage occurred past the Stop Loss. Refunds up to the Stop Loss may be requested. The Company reserves the right to decline refunds as a result of negative Slippage.
- 3.9. CFD on Currency Pairs:
 - 3.9.1. Take Profit (TP) Orders are executed at stated prices
 - 3.9.2. Stop Loss (SL) Orders are executed at stated prices
 - 3.9.3. Stop Loss (SL) Orders set for lock positions are executed at first market prices

- 3.9.4. Limit Orders are executed at stated prices

- 3.9.5. Buy Stop and Sell Stop Orders for position opening are executed at first market prices

- 3.10. CFD on other underlying assets:

- 3.10.1. Take Profit (TP) Orders are executed at stated prices

- 3.10.2. Stop Loss (SL) Orders set for lock positions are executed at first market prices

- 3.10.3. Limit Orders are executed at stated prices

- 3.10.4. Buy Stop and Sell Stop Orders for position opening are executed at first market prices

- 3.11. The Company is under no obligation, unless otherwise agreed in the Agreement, to monitor or advise the Client on the status of any Transaction or to close out any Client's Open Positions. When the company decides to do so, this will be done on a discretionary basis and will not be considered an undertaking of an obligation to continue.

- 3.12. It is the Client's responsibility to be aware of his/her/their positions at all times.

4. QUOTES

- 4.1. in the event that the Company is unable to proceed with an Order, with regard to price or size or other reason, the Order will open at the closest available price in the market and this may result in positive or negative Slippage for the client. Slippage on execution prices for the Order shall not be disputed.
- 4.2. The Quotes appearing on the Client's terminal are based on the aggregated quotes from banks and liquidity companies and in general are valid and tradable. However, if there's high volatility in the Underlying Market the execution of the Order may change due to execution time and also the Client may ask for price but he/she/they will get the first price that will be in the market.

5. EXPERT ADVISOR AND STOP LOSS ORDERS

- 5.1. The Client agrees that trading operations using additional functions of the Client Trading Terminal (MT4/MT5) such as Expert Advisor are executed completely under the Client's responsibility as they depend directly on his trading terminal and the Company bears no responsibility whatsoever.
- 5.2. The client agrees that placing a Stop Loss Order will not necessarily limit losses to the intended amounts, because market conditions may make it impossible to execute such an Order at the stipulated price and the Company bears no responsibility whatsoever.

6. MARGIN REQUIREMENTS

- 6.1. The Client shall provide and maintain the Initial Margin and/or Hedge Margin in such limits as the Company, at its sole discretion, may determine at any time under the Contract Specifications for each type of CFD.
- 6.2. It is the Client's responsibility to ensure that he understands how Margin requirements are calculated.
- 6.3. Unless a Force Majeure Event (as defined in the Client Agreement) has occurred, the Company has the right to change the Margin requirements. In this situation the Company has the right to apply new Margin requirements to the new positions and to the positions which are already open.
- 6.4. The Company has the right to change Margin requirements without prior notice to the Client in the case of Force Majeure Events. In this situation the company has the right to apply new Margin requirements to the new positions and to the positions which are already open.
- 6.5. The Company has the right to close and/or limit the size of Client open positions (New or Gross) and to refuse Client orders to establish new positions in any of the following cases:
 - 6.5.1. The Company considers that there are abnormal trading conditions.
 - 6.5.2. The value of Client collateral falls below the minimum margin requirement.

- 6.5.3. At any time equity (current balance including open positions) is equal to or less than a specified percentage of the margin (collateral) needed to keep the open position.
- 6.5.4. The Client fails to meet the Margin Call.
- 6.6. When the Client is aware that his/her/their account has reached a specific percentage of the Margin in the Client Account, then the Client should take any or any of the three options to deal with the situation:
 - 6.6.1. Limit his/her/their exposure (close trades); or
 - 6.6.2. Hedge his/her/their positions while reevaluation the situation; or
 - 6.6.3. Deposit more money into his/her/their Client Account.
- 6.7. When the Client reaches 30% of the Margin in the Client Account, his/her/their positions will start closing automatically (Stop Out level of 30%) starting with the Order that is causing the most loss and the Company has the right to refuse new Orders.
- 6.8. Margin must be paid in monetary funds in the Currency of the Client Account.
- 6.9. The Client undertakes neither to create nor to have outstanding any security interest whatsoever over, nor agree to assign or transfer, any of the Margin transferred to the Company.

7. SWAP FREE CLIENT ACCOUNTS

- 7.1. The Company offers Swap Free Client Accounts for CFD trading, subject to the Company's requirements being fulfilled.
- 7.2. The rest of the provisions herein this entire Agreement and the Client Agreement, shall also apply to Swap Free Client Accounts save any mentions to Swaps.
- 7.3. If the Client has a Swap Free Client Account, no Swaps or roll over charges will be applied to trading positions overnight.
- 7.4. The Client who has a Swap free Client Account may not hold his/her/their floating positions for a long period of time. In such an event, the Client must close the floating positions.

8. ABUSIVE TRADING

- 8.1. "Abusive Trading" shall include any of the following actions such as, but not limited to, Snipping, Scalping, Pip-hunting, placing "buy stop" or "sell stop" orders prior to the release of financial data, arbitrage, manipulations, use of robots, a combination of faster/slower feeds, abuse of the cancelation of trades feature available on the Platform and/or use (without the prior and written consent of the Company) of any software, which applies artificial intelligence analysis to the Company's systems and/or Platform(s) and/or Client Account or any type of trading which the Company reasonably suspects that can be considered as market abuse. In case of more than one Trading Account, the trading in opposite directions as placed through the Company's platform may also be considered as abusive trading.
- 8.2. If the Company reasonably suspects that the Client performed Abusive Trading as described above the Company may cancel and/or reverse any profits gained through Abusive Trading. Abusive Trading is a Event of Default and the Company may proceed with relevant steps at its discretion.
